Academic Reports- Update

This year we're introducing updated school reports. The new format has been developed by the NSW Department of Education in response to feedback from parents and educators to make reports easier to read and understand. Your child's report will still show their progress across all subject areas. Teacher comments will appear in English, Mathematics and the general comment section, in line with department policy. The general comment for Kindergarten also covers all other key learning areas including, creative arts, HSIE, PDHPE, and science and technology. A new achievement scale and descriptions are included to provide a clearer picture of your child's progress. Parent-teacher interviews remain an important way to discuss your child's progress and achievement in more detail.

Semester One reports will come home in Week 10.

Library Corner

Term 2 Week 7

Let us introduce you to our 'library book boxes'. Each term students choose a book to read during silent reading.

We aim to guide students to choose a book of interest and at their current level.

Our students love these boxes and are always keen to swap when they have finished and try something new!

This has been a game changer for our classroom and library program as our kids are reading a broader range of books and are silent reading on a regular basis in class.
